FLUORESCENT DYE CLEANER

Clean Away

QUICKLY SPRAYS AWAY FLUORESCENT DYE RESIDUE FROM SURFACE AREAS FOR ACCURATE UV LIGHT REPAIR VERIFICATION

Clean Away is formulated to remove Fluorescent Leak Detector Dye quickly and efficiently from all surfaces. It will work with all manufacturers' dyes and is an excellent all-purpose cleaner as well. *While contents can be thawed in warm water, do not allow to freeze.*

DIRECTIONS:

- 1.** Spray enough Clean Away on the surface coated with Fluorescent Dye, sufficient to cause dye to run off effected area. Do not allow to drip onto other surfaces.
- 2.** Wipe with a clean cloth.
- 3. Check cleaned area with a UV Light** to be sure that all of the Fluorescent Dye has been removed.
- 4.** Re-spray if necessary.

FIRST AID:

Eyes: Flush Eyes with water for 10 minutes. If irritation continues, seek medical help.

Skin: Wash with soap and water.

Ingestion: If swallowed, drink warm water to dilute contents in stomach. Induce vomiting. Call a doctor at once.
